

**AICTE and IKGPTU sponsored a one-week " Faculty Development Programme on
Applications of Geospatial Technologies in Architecture and Civil Engineering"
16-20 December 2019 at IKGPTU Mohali Campus-II**

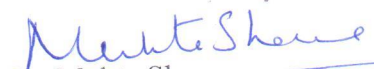

AICTE and IKGPTU sponsored a one-week 'Faculty Development Programme' on "Applications of Geospatial Technologies in Architecture and Civil Engineering" was organized from 16-20 December 2019 at IKGPTU Mohali Campus-II. About 40 faculty members/ Research Fellows from Punjab, Haryana, Rajasthan and Jammu&Kashmir attended this program. Dr. Rajiv Chauhan, HoD, Civil Engineering, Principal Coordinator of FDP and Dr. Prabhjot Kaur Director IKGPTU Mohali Campus-II inaugurated the FDP on 16th December.

This faculty development program provided an opportunity for the faculty members to update their knowledge in this field.

Geospatial technologies like Remote sensing, the global positioning system (GPS), and geographic information systems (GIS) are important geospatial technologies that are a useful tool for resource assessment and management and at the same time helps in planning and implementation of various developmental and other projects. The latest updates on these technologies were given to the faculty members in this FDP.

This faculty development program was designed as a comfortable first step for people who wish to upgrade the skills and knowledge in this field and deliver the same to society. The course content was intended to provide an overview of the concepts and application of GIS and Remote Sensing. This program included lectures, tutorial and practical sessions delivered by the experts from Panjab University, PEC University of technology, IIT Ropar, PRSC Ludhiana, covering the theme. The hands-on training was especially given to participants from the expert team from ESRI New-Delhi.

Participants were given the certificate of accomplishment and study material by Prof Prabhjot Kaur (Director Mohali campus-II) and Dr. Rajiv Puri, Principal Polytechnic college, on the valedictory session of the Faculty Development Program on 20th December 2019.

Sub: **Conduct of FDP on the topic "GIS Applications in Architecture and Civil Engineering".**

Sir,

University has approved your proposal to Conduct of FDP on the topic **"GIS Applications in Architecture and Civil Engineering"** from **16.12.2019 to 20.12.2019**, subject the following conditions:

1. After completion of the FDP, the institute has to submit the utilization certificate along with bills and report of the FDP to the University.
2. The Scheme & Guidelines for Faculty Development Programmers are attached herewith for your ready reference.
3. Please Send the account details, PAN Number and Copy of Cancel Cheque, at mohitk Jain@ptu.ac.in by July 12th, 2019 so that initial grant may be released accordingly.

You are requested to conduct the FDP as per University rules and submit the report and documents as mentioned in Scheme & Guidelines, after completion of the program.

Regards!

(Dr. S.S. Walia)

About FDP

An advanced geospatial technologies and information systems like GIS plays a vital role and serves as a complete platform in every phase of infrastructure life cycle. Advancement and availability of technology has set new marks for the professionals in the infrastructure development areas. Now more and more professionals are seeking help of these technologically smart and improved information systems like GIS for infrastructure development. Geospatial technology has emerged as widely accepted powerful and imperative system in various disciplines of Civil Engineering, natural resource management, environmental management and modelling, hazard and risk management, urban planning etc. There is a great need to train the faculty and researchers in utilization of Geospatial Technologies like GIS, GPS and Remote Sensing in their respective domains. This FDP is designed as the comfortable first step for people who wish to upgrade the skills and knowledge in this field.

Objective and scope

GIS and other geospatial technologies are system anticipated to capture, analyze, manipulate, store, manage and present every type of geographical data and helps in merging of cartography, database technology, and statistical analysis thus it is being intensively used. GIS technology is gaining interest from a wide range of disciplines like Architecture, civil engineering, Urban planning among others owing to its potential to offer a new way of resolving environmental and other difficulties which could reduce costs, support multi-discipline analysis and improve quality for complex projects, hence it is becoming an integral and necessary component of curriculum in higher technical education system hence the faculties and researchers must be trained for catering to the demands of industry and fields.

The course content is intended to provide an overview on the concepts and application of GIS, Remote Sensing and GPS thus will provide a learning experience to the participants.

IKGPTU Jalandhar

It was established as Punjab Technical University, Jalandhar in 1997. The university was renamed as I.K. Gujral Punjab Technical University by State Government in honour of former Prime Minister of India, Late Sh. Inder Kumar Gujral in 2015. It has been Ranked 96th in 2019 NIRF India Ranking and holds 3rd position in Punjab. The University has the mandate to set up centres of excellence in emerging technologies and for promoting training, research and development in these areas.

IKG PTU Mohali Campus–II

It is a constituent campus of IKG PTU Jalandhar. It started functioning in 2014 as a 'School of Built environment' to provide quality education to the students both at undergraduate and post graduate level to cater to the needs of Building industry. The programs started in the campus are in conformity with the present and futuristic need of the industry and to achieve these objective efforts are being made to update Labs, Library and Computer Centre etc. as per the latest state of art technology. At present campus offers B.Arch, M.Arch (Architectural Education & Research) and M. Planning (Urban & Regional Planning) Courses.

Important Instructions

- Seats are limited. Participants will be registered & confirmed on first-come first-serve basis.
- No TA/DA will be given to any participant. However, free boarding and lodging will be provided
- Application Form printed after registering at <http://data.ptu.ac.in> (duly signed and forwarded) must reach by Dec. 9, 2019 at following address:
